Learn About EMTs and Emergencies

This book belongs to

Hi! I'm Emmie
the Emergency Medical Services Elephant!

**I'm here to tell you all about the EMS team
that I am proud to work with!**

**When someone gets hurt or has a health emergency,
the quickest way to get help is to call 9-1-1!**

Emergency dispatchers answer 9-1-1 calls.

**They take important information
and send the EMS team to the emergency.**

Police officers and firefighters who are first to arrive at an emergency are called first responders.

**EMTs or Emergency Medical Technicians
take classes to learn how to save lives!**

**An EMT could be a fire fighter or even an
ambulance driver.**

Paramedics are also EMTs.

They receive special, advanced medical training. They can do many of the things that doctors and nurses do in the hospital – right at the scene of the emergency!

EMTs help people stay calm when they are in pain or upset.

They use medical equipment to help with the emergency!

**Emmie hopes an emergency never happens.
But if you need help - Call 9-1-1!**

Remember:

- stay calm
- answer all the dispatcher's questions
- follow instructions

Before you know it, the EMTs will be there to help you!

We are so lucky to have
Emergency Medical Services
and EMTs to help us in an emergency!
